Tenure

REGULATION NO.:

The most significant changes are to the composition of committees considering tenure applications. The revised regulation: changes the number of outside reviewers from *four* to *at least four*; requires faculty to submit as part of their application file all annual evaluations and all progress evaluations. Tenure criteria shall address the areas of teaching; research and other scholarly activities; and service to the public, the discipline, and the university including those professional responsibilities consistent with faculty status. These criteria shall take into account the mission and needs of the institution and shall place appropriate emphasis upon teaching and teaching-related scholarship. In this regard, the institution shall ensure that teaching is evaluated broadly, including assessments by peers and students, and that teaching performance is prominently considered in the award of tenure."²²

(c) Tenure is an employment classification achieved by the faculty member and shall be based on demonstrated ability and performance in the areas of teaching, research, other scholarly activities, and service. For tenure, performance over the entire term of appointment at UCF shall be considered. For candidates with prior credit towards tenure, performance before appointment at UCF shall also be considered.

(d) The quality, quantity, and consistency of such performance must provide evidence of the candidate's value to the university and assurance of potential for the future.

(e) In general, the standards of performance expected for tenure in teaching, research, scholarship, and service shall be the same as for the rank the candidate shall hold for the year in which tenure shall be awarded.
