

**UCF-7.130 Administration and Finance; Procurement Services.**

(1) The University Board of Trustees (BOT) has authority to establish a system of coordinated procurement policies, procedures, and practices to be used in acquiring commodities and contractual services required by the University. The University Procurement Services Department has the duty to:

- (a) Develop procurement procedures.
- (b) Canvass sources of supply and contracting for the procurement or lease of all commodities and contractual services for the University, in any manner, including procurement by installment- or lease-purchase contracts. Installment- or lease-purchase contracts may provide for the payment of interest on unpaid portions of the purchase price.
- (c) Recommend or advise the suspension or debarment of a contractor, in accordance with University Regulation UCF-7.124, from doing business with the University for demonstrated cause, including previous unsatisfactory performance.
- (d) Plan and coordinate procurements in volume and negotiate and execute agreements and contracts for commodities and contractual services under which the University may make procurements.
- (e) Develop an Annual Certification List to serve as a waiver of the competitive solicitation requirement for commodities/services that are frequently procured and are available from a single source.
- (f) Evaluate, approve, and utilize contracts that are entered into after a public and open competitive solicitation by any State of Florida agency or department, the Federal Government, other states, political subdivisions, cooperatives or consortia, or any independent college or university for the procurement of commodities and contractual services, when it is determined to be cost-effective and in the best interest of the University, to make purchases under contracts let by such other entities. Universities shall review existing consortia and cooperative contracts to identify potential savings and, if there is the potential for savings, enter into new consortia and cooperative contracts to achieve the savings, with the goal of achieving a five-percent savings on existing contract prices.

- (g) Elect as an alternative to any provision in Board of Governor's (BOG) Regulation 18.002 to proceed with a bid solicitation or contract award process when it is set forth, in writing, that the particular facts and circumstances which demonstrate that the delay due to staying the solicitation or contract award process would be detrimental to the interests of the University. After the award of a contract resulting from a competitive solicitation in which a timely protest was received and in which the University did not prevail, the contract may be canceled and re-awarded to the prevailing party.
- (h) Award contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a university, regional or multiple state university-wide basis and the contracts may be for multiple years.
- (i) Reject or cancel any or all competitive solicitations when determined to be in the best interest of the Institution.
- (j) Inspect the part of the plant or place of business to determine the capability of contract performance of a contractor or any subcontractor which is related to the performance of any contract awarded or to be awarded by the University, when specified in the agreement.

(2) Competitive Solicitations Required.

- (a) All contracts for the procurement of commodities or contractual services exceeding \$75,000 shall be awarded pursuant to a competitive solicitation, unless otherwise authorized herein.
- (b) When only one response is received to a competitive solicitation for commodities or contractual services exceeding \$75,000 the University shall review the solicitation to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, the University shall proceed with the acquisition or cancel the acquisition.
- (c) When multiple responses that are equal in all respects are received to a competitive solicitation, the University will give preference to responses that include commodities manufactured in the state, Florida businesses, or foreign

manufacturers located in the state to determine the contract award, or, if these conditions do not exist, will use toss of the coin.

- (d) The procurement of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.
- (e) The Procurement Services Department, in issuing an Invitation to Bid, Request for Proposal or Invitation to Negotiate, shall provide notice of a decision or intended decision concerning a solicitation, or contract award by electronic posting for 72 hours, which is interpreted as three business days. (Business days do not include Saturdays, Sundays, State or University holidays, or any other days when the University is otherwise closed for business.) This notice shall contain the following statement: “Failure to file a protest in accordance with BOG regulation 18.002, or failure to post the bond or other security as required in BOG regulation 18.003, shall constitute a waiver of protest proceedings.”
- (f) Advertisement. Invitations to Bid, Requests for Proposals, and Invitations to Negotiate for commodities expected to be in excess of \$150,000 and for contractual services expected to be in excess of \$75,000 shall be advertised in the Florida Administrative Weekly or the State of Florida’s VBS System. The head of The Procurement Services Department or designee shall have the authority to waive this advertisement requirement when the number of potential bidders or proposers is limited and can otherwise be solicited, when the availability of funding so requires, or where delivery is urgent.
- (g) Bids and proposals shall remain sealed (with the exception of typical information revealed at the Bid/Proposal opening for the tabulation sheet) until notice of final contract award is given or in accordance with Florida Statute as appropriate.
- (h) In the case of extension errors, the unit price will prevail.
- (i) Withdrawal. A vendor may withdraw his or her bid or proposal in writing if done within seventy-two (72) hours of the bid or proposal opening, if the bid or proposal is clearly erroneous and it is withdrawn prior to final award or the purchase order being issued.
- (j) Bid/Proposal Evaluations – Bids/Proposals shall be evaluated based on the requirements set forth in the Invitation to Bid/ Request for Proposal, which may

include criteria to determine acceptability such as inspection, testing quality, workmanship; delivery and suitability for a particular purpose. Those criteria that will affect the bid/proposal price and be considered in evaluation for award shall be objectively measured, such as all or none, discounts, transportation costs and total or life cycle costs. The Invitation to Bid, Request for Proposal or Invitation to Negotiate shall set forth the criteria to be used. No criteria may be used in bid/proposal evaluation that is not set forth in the Invitation to Bid, Request for Proposal or Invitation to Negotiate.

- (a) Solicitation Security. A certified, cashier's or treasurer's check, bank draft or bid bond may be required as a condition for participating in a competitive solicitation where the University is reasonably uncertain about the contractor's ability to perform, and the expected value of the contract is in excess of \$100,000.

Additional information on protest procedures can be viewed in the above referenced BOG Regulations.

(6) Contracts.

- (a) Acquisitions of commodities, contractual services, or licenses shall be executed with a purchase order or a bilateral agreement/contract, prior to the goods or services being ordered, contracted for, or rendered by the vendor. Procurement using a pCard, where compliant with applicable policies and procedures, or prior verbal approval from the Procurement Services Department, are also acceptable means to obligate the university for a procurement. All necessary procurement actions (i.e. competition, competition exemptions, approvals) must take place prior to signing a contract/agreement or engaging in any actions that will obligate the university. For procurement under a bilateral agreement/contract or prior verbal approval from the Procurement Services Department, the requisition to process the associated purchase order must be submitted within thirty (30) days of (i) delivery of the commodities or (ii) the obligation for contractual services or licenses being incurred.

- (d) A contract may contain provisions for renewal. If the commodity or contractual service is procured as a result of a competitive solicitation, the cost of any contemplated renewal must be included in the competitive solicitation. All contract renewals are subject to sufficient annual appropriations. Renewals of a contract, whether the contract resulted from a competitive process or other procurement method, shall be for a period that may not exceed 5 years or twice the term of the original contract, whichever is longer. This provision is not intended to apply retroactively; existing contracts entered into prior to January 1, 2017, including any specified renewal period(s) may continue in accordance with the existing contract terms.
- (e) When any commodity contract requires deferred payments and the payment of interest, such contract may be submitted to the State of Florida Comptroller for the purpose of pre-audit review and approval prior to acceptance by the University. The President shall have the authority to enter into deferred payment agreements utilizing the State of Florida Comptroller’s Consolidated Equipment Financing Program. No agreement shall establish a debt of the state or shall be a pledge of the faith and credit of the state; nor shall any agreement be a liability or obligation of the state except from appropriated funds.
- (f) In order to promote cost-effective procurement of commodities and contractual services, the University may enter into contracts that limit the liability of a vendor consistent with Section 672.719, F.S.

- (g) The total value of the contract is, for purposes of this regulation and university procedures, the procurement price for the initial term plus all renewal costs.
- (h) If a contractor does not furnish proof of payment to subcontractors, suppliers, or laborers within 60 days after the project is certified to be finally complete by the University, the University will pay any retainage, on a pro-rata basis, directly to the subcontractors, suppliers or laborers. In order to obtain payment, subcontractors, suppliers, or laborers who have not been paid after the 60 days have passed have an additional 30 days to submit documentation satisfactory to the University showing that they have performed work on the project, the amount due, and certifying that they have not been paid. If a contractor does not complete a project, the University will use any retainage to complete the work and then pay any balance of the retainage, on a pro-rata basis, to subcontractors, suppliers, or laborers who provide the above required documentation within 30 days after the completion of the project.

(7) Standard of Conduct. It shall be a breach of ethical standards: (a) for any employee of the University to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with any contract for commodities or services; (b) for any potential contractor to offer an employee of the University a gratuity of any kind, form or type to influence the development of a contract or potential contract for commodities or services; or (c) for any University or University direct support organization employee participating on a procurement selection committee to solicit donations from responding vendors during the selection process, except for donations or benefits expressly stated in the procurement document.

(8) Procurement of Motor Vehicles.

- (a) The term “motor vehicle” includes any automobile, truck, watercraft or other vehicle designed primarily for transporting persons, and construction vehicles or farm equipment.

3. Establish and operate facilities for the acquisition, disposal, operation, maintenance, repair, storage, control and regulation of University-owned motor vehicles. Acquisition may be by procurement, lease, installment-purchase, loan or by any other legal means and may include a trade-in. All motor vehicles procured or leased shall be of a class that will safely transport University personnel and adequately meet the minimum requirements of the University.
  4. Contract for specialized maintenance services.
- (c) Motor vehicles owned, leased or operated by the University shall be available for official University business only.

(9) Public Records.

- (a) Agreements may be canceled unilaterally by the University for refusal by the vendor/contractor to allow public access to all papers, documents, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the vendor/contractor in conjunction with the Agreement.
- (b) The University is subject to the Florida Public Records laws.
- (c) Contract for Services. To the extent that Payee meets the definition of “contractor” under Section 119.0701, Florida Statutes, in addition to other contract requirements provided by law, Payee must comply with public records laws, including the requirements of Section 119.0701, Florida Statutes.

(10) Vendors Excluded from Competition. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, Invitations to Bid, Request for Proposals and/or Invitations to Negotiate shall be excluded from competing for such procurements.
